

## INTRODUCTION

You and the district in which you live are very important and we want to work with you and our partners to make the area an even better place to live and work for everyone.

We have listened to your views and concerns. They have influenced our vision, values and priorities, which we describe in this publication, and with which we hope you are in agreement.

We have set out what we hope to achieve over the next 10 years. We will review and develop those plans as needs and circumstances change. But the aim will always be the same – to do our best for the people who live in the district
